

SPECIFICATIONS

PRESSURIZED WATER

Stainless steel shell with pressure gauge and wall mounting bracket. Stored pressure design is shipped empty, to be charged at destination by authorized personnel. Anti-freeze (-AF) charge additive available.

AFFF ATC FOAM

Stainless steel shell with pressure gauge and wall mounting bracket. Stored pressure alcohol tolerant agent is effective in a wide variety of Class B materials. Ideal for emergency first response vehicles.

K CLASS - WET CHEMICAL “Kitchen Use”

Stainless steel cylinders with gauge and easy to use hose and spray application wand. Meets NFPA-10, 1998 Class K standard. For use on all cooking appliances. Superior fire fighting capabilities by placing the wet chemical agent exactly where you aim it. No chemical residue to clean up.

PRESSURIZED WATER MIST

Nonmagnetic construction with white sanitary easy to clean paint make it ideal for use in MRI facilities. The misting nozzle makes it safe to use around electrical equipment. Stored pressure design contains non-toxic de-ionized water (by others) making it the best choice for hospitals and sensitive documents.
