POTTER ROEMER SELECTION GUIDE

Potter Roemer manufactures cabinets that will contain a fire extinguisher, a fire department valve, or a combination fire extinguisher and fire department valve. Series 7000 covers all the fire extinguisher cabinets and series 8000 covers the fire department valve cabinets and the combination cabinets.

To select a cabinet, follow the steps below:

Step 1:

What type and size of extinguisher is required?
See page 9.

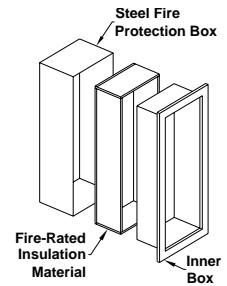

Step 2:

Choose a cabinet style:

- **Alta Series:**
Our most common cabinet.
- **Buena Series:**
Our acrylic door cabinet.
- **Dana Series:**
Our cabinet with a concealed hinge.
- **Loma Series:**
Our bubble cabinet.

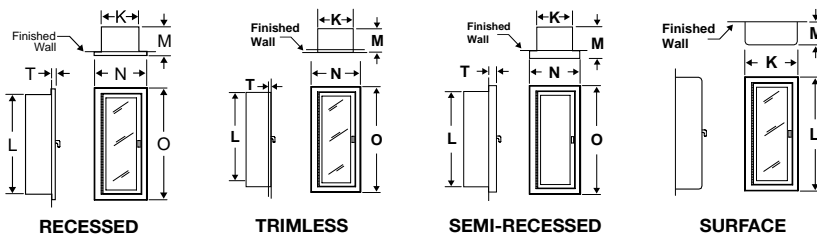

Step 3:

Is the cabinet fire-rated?

Step 5:

Choose the mounting style:
recessed, trimless, semi-recessed, or surface mounted?

Step 4:

Choose the cabinet material:

- steel
- aluminum
- stainless steel
- brass

Step 6:

What is the door style?

- full glass
- breakglass
- duo panel
- vertical duo panel
- flush solid metal

Step 7:

Choose any options:

- decals
- die cut letter
- "Fire" pull handle

For more choices
see page 11.
